25 <sup>th</sup> March 2009	Participation fee rise for all categories

## Invited Speakers

### **Mathias Uhlén, Royal Institute of Technology (KTH), Sweden**

"Antibody-based profiling as a tool for clinical proteomics"

### **Martin Kussmann, Functional Genomics, Nestlé Research Center, Switzerland**

"Nutrigenomics and Personalized Nutrition in Health & Disease - Science and Concept"

### **Michael Sundström, The Novo Nordisk Foundation Center for Protein Research, Denmark**

"High Throughput and Systematic Analysis of Medically Relevant Proteins"

### **Tony Pawson, Mount Sinai Hospital, Canada**

"Proteomic analysis of reciprocal cell signalling"

### **Roman Zubarev, Laboratory for Biological and Medical Mass Spectrometry, Uppsala University, Sweden**

"Pathway Analysis via Protein Expression Measurements - 'Why's and 'How's"

### **Michael Karas, Johann Wolfgang Goethe University, Germany**

"New MALDI matrices for Improved Performance in Protein Identification and Characterization"

### **Rainer Bischoff, Centre of Pharmacy, University of Groningen, The Netherlands**

"Activity-dependent profiling of metalloproteases: photoaffinity - labelling and affinity-solid-phase extraction"

### **Matthias Mann, Max-Planck Institute for Biochemistry, Germany**

"Cell signaling studied by quantitative proteomics"

## Invitation

The 3<sup>rd</sup> EuPa Congress is held on June 14<sup>th</sup> – 17<sup>th</sup> 2009 in Stockholm, the beautiful capital of Sweden. The Congress is hosted by the Swedish, Norwegian, Finnish and Danish Proteomics Societies and the overall theme is “**Clinical Proteomics**”.

The Congress is organized by The Swedish Academy of Pharmaceutical Sciences and The Swedish Proteomics Society, and is intended for scientists active in the field of proteomics but also for students, professors, for physicists as well as R&D managers, technicians, and company representatives.

Important Life Science developments and research trends like protein chip microarrays, clinical proteomics, and pathophysiology- and, disease related protein expression studies will be presented. Recent highlights from biomarkers discoveries, novel bioanalytical methodology and optimization using new LC/MS platforms are reported.

Our ambition is to make this the 3<sup>rd</sup> EuPA Congress a vibrant meeting with an excellent scientific programme and extensive opportunities for cross talks and interactions. We expect around 500 delegates, exhibitors and sponsors from all over the world.

As a sponsor your company will receive a preferred status throughout the Congress. Take this opportunity to increase your visibility among today’s leading scientists in the field of proteomics and also to students, on different levels, the top scientists in proteomics of tomorrow!

Welcome to Stockholm and the 3<sup>rd</sup> EuPA Meeting in 2009!

## Sponsorship Opportunities

The Organizing Committee is pleased to offer sponsorship opportunities to companies and organizations. Through sponsorship you will demonstrate your support for further research and development in Proteomics. For EUPA 2009 we offer every company a selected variety of opportunities that are listed below. All sponsorship opportunities are available on a firstcome, first-choice basis.

## Reception at the Stockholm City Hall

The City of Stockholm and Stockholm County Council is pleased to invite the Congress participants to a Reception at the City Hall, famous for it's architecture, and for hosting the Nobel Banquet in December every year. The reception will take place June 15<sup>th</sup> and will include a light buffet.

## Congress Dinner

The Congress Dinner is arranged on Tuesday evening, June 16<sup>th</sup> 2009, in the Pillar Hall of Old style building "Norra Latin" close to the Congress Centre.

## Congress Venue

The 3<sup>rd</sup> EuPA Congress will be held in Stockholm City Conference Centre (CCC) which is a highly versatile conference centre right in the heart of Stockholm just a five-minute walk from The Central Station.

With 50 meeting rooms altogether including six with a capacity of over 100 people, and a large hotel onsite, the conference options are virtually unlimited.

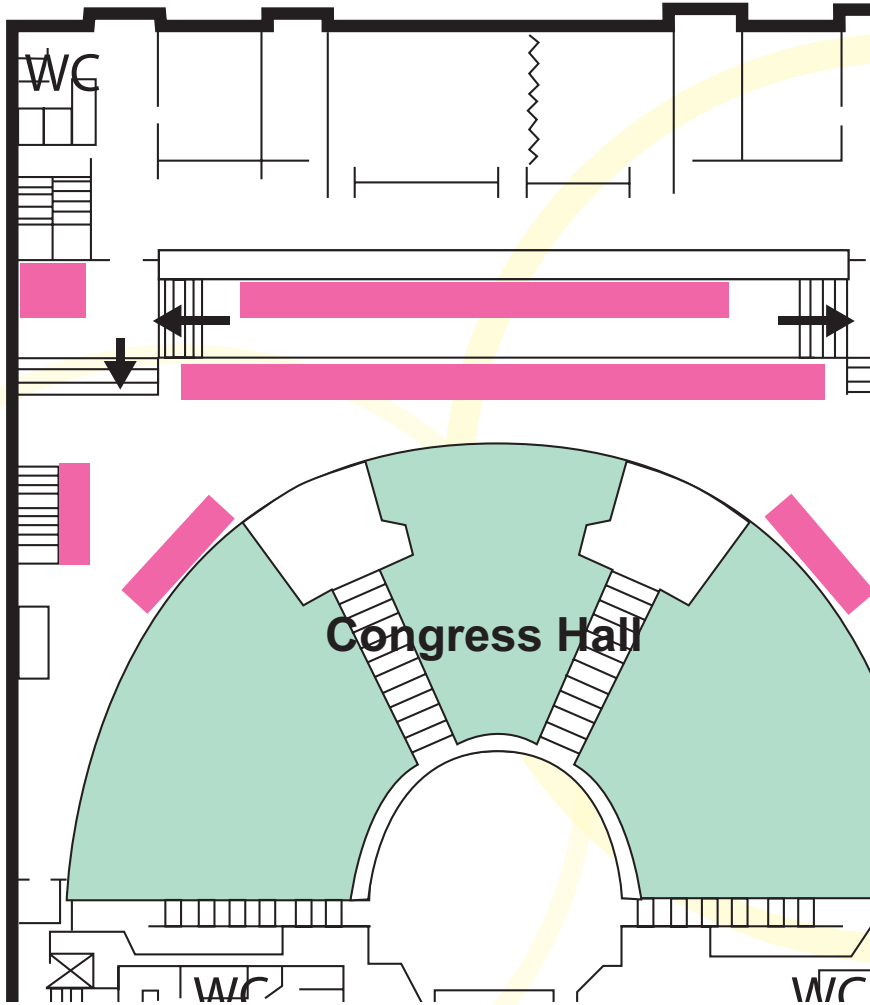

The Congress Hall is situated in "Folkets Hus" a unique building in a functional 1950s style. The 1,363 seat Congress Hall is the heart of the building and can within 20 minutes be divided in three sections if required. There are also 19 smaller rooms surrounding the Congress Hall, plus exhibition areas and restaurants that can cater for up to some 2,000 guests.

## Registration & Hotel Reservations

Registration and Hotel Reservations opens on the website in September 2008. We will use an online form for both registration and hotel booking which it will be taken care of by the official congress secretariat MCI Stockholm Office, Sweden, Phone: +46 8 5465 1500, E-mail: [stockholm@mci-group.com](mailto:stockholm@mci-group.com)
